## MANY MOTHER'S DAY VISITORS ARE EXPECTED

A WELL ARRANGED PROGRAM IS PLANNED FOR COLLEGE GUESTS TODAY.

### DR. MEHUS IN CHARGE

About Two Hundred Are Expected to Register in Social Hall.

The fifth annual Mother's Day is being observed on the Campus today. A full program of activities for the day has been arranged by a Faculty-Student Committee, headed by Dr. O. Myking Mehus, chairman. About two hundred mothers are expected to register in Social Hall before the day is over.

Following the custom carried out in most colleges, the College each year sets aside a day to honor the mothers of the students. Since the first Mother's Day celebration was held on the Campus in 1929, the day has become a traditional event in the College. Usually the day is chosen with reference to the national Mother's Day, which this year will come on Sunday, May 14.

All mothers are expected to register in Social Hall this morning. Guides will conduct a sight-seeing trip on the Campus, pointing out things of interest to the mothers. At noon the Mother's Day Banquet will be held. This afternoon will be spent in visiting classes. At four o'clock there will be an informal gathering at Residence Hall, where a musical program will be given. The evening entertainment will be the 1933 May Fete, "Aladdin's Lamp."

A detailed program of activities follows:

10:00-12:00—Registration in Social Hall on the second floor of the Administration Building. The forenoon will be spent in sightseeing around the campus.

12:30—Mother's Day Banquet in Residence Hall and the First M. E. church. 2:00-4:00—Mothers will visit classes. 4:00-5:00—Informal gathering in Residence Hall.

6:00—The Mothers will have their evening meal with their own sons and daughters.

8:00—The annual May Fete produced on the College Campus under the direction of Miss Nell Martindale of the Women's Physical Education Department.

About three hundred mothers have been present at the College on this day in the past. Dr. Mehus said he did not expect much of a change in the numbers this year.

## 1933 TOWER WILL BE READY SOON

The 1933 Tower will soon be ready for distribution. New features of the Tower include: the division section in four pages, class panels set up in new form and two pages devoted to representative students, chosen by the student body.

The Tower staff has put forth an extra effort to give the students something different in the way of a year-book. Much hard work has been done on the book and better than usual results are expected.

If you have not had your spring quarter coupon checked, bring your activity ticket with you when you come after your Tower.

Local Boys Make Good in Films.

Some of our local boys are at last making good. One of these is none other than our own "Dutch" Stultz.

Dutch has given the local Barrymores, Gables, Laurel and Hardies the slip and is now featured in a two yard all squawking comedy. Jack Chick is his co-star. It is rumored that the camera man had to tie Dutch before the camera for the first reel in order to get him close enough to get a picture of.

## Lamkin Gives Number of Commencement Addresses

Uel W. Lamkin, president of the State Teachers College, is booked to his limit for high school commencement addresses in addition to one he is to give here May 25 at the State Teachers College commencement.

Mr. Lamkin's first commencement address of this season was given on May 10 at Cameron. He spoke at Ridgeway Thursday night, and last night at Union Star. Mr. Lamkin is to give an address in Mound City, May 17, and at Independence, May 18.

## DOROTHY McCLUNG FORMER STUDENT HERE IS WOUNDED

SHOT IN THIGH DURING ROBBERY AT HER HOME IN PATTONSBURG.

### ALONE AT THE TIME

Man and Woman Bandits are Masked.

Pattonsburg, Mo.—(P)—In what she described as a fight with two masked robbers, one of them a woman, Miss Dorothy McClung was wounded in the thigh Friday in the country home of her parents, Mr. and Mrs. Leonard McClung. She was taken to a Kansas City hospital for treatment.

Miss McClung told Charles Dowell, city marshal, that she had wounded the man with her father's revolver, and later had been forced to dress his wound.

Miss McClung said she was sleeping in an upstairs bedroom yesterday afternoon while her parents were in town when she was awakened by the sound of someone ransacking the house. She said she removed her wrist watch and ring, hid them in her bed and then investigated.

#### Both Are Masked.

A man and woman wearing masks were observed by the girl searching the house. She went to her father's room, took his revolver, tiptoed to the room where the two were at work and fired at the man.

The girl said the woman, concealed in portiers at the doorway through which she fired, grabbed at the revolver and deflected the aim. The robber, Miss McClung said, was wounded in the shoulder. The two intruders wrested the revolver from Miss McClung and she was directed to dress the man's wound.

#### Shoots Woman in Thigh.

As the two left, Dowell quoted Miss McClung as saying, the man turned and said:

"I'll give you this for your trouble," and fired, the bullet striking her in the thigh.

Dowell said he found McClung's .38 revolver with which the girl had been wounded tossed in the yard about the home. He also reported finding two bundles of clothing wrapped up. A typewriter had been carried into the yard.

The girl's mother, the officers said, is a physician. Her office in her home was in great disorder. Papers were strewn about the floor.

Dowell said he found no automobile (Continued on Page 4)

## COLLEGE HIGH SCHOOL HAS SUMMER COURSE

NO TUITION DURING SUMMER QUARTER IS REGULAR FEATURE

The College high school will be open during the summer quarter and will offer courses in high school subjects in most fields. This is an excellent opportunity for pupils who have lost out on work to make up that work, or for pupils who desire to take work which they are unable to take during the regular school year.

Each pupil may take not more than one and one half units for credit. There is no tuition during the summer quarter and the books are furnished pupils. The regular staff of supervisors, with the exception of Miss Franken, who will be on leave, will have charge of the classes.

Classes will be offered in typing, world history, American history, English IV, commercial geography, biology, advanced arithmetic, advanced algebra, and other courses if there is sufficient demand.

Pupils interested may secure full information from Mr. Dieterich, principal.

## FIFTEEN YEARS OF "HIT" MAY FETES BY MARTINDALE

FIVE YEARS HERE AND TEN AT THE NORTH DAKOTA U. CAR- RY FINE RECORD.

### RECORD ATTENDANCE

Praise by North Dakota Papers Shows Student Appreciation.

Since 1918 Miss Nell Martindale has been producing the May Fete here and at the University of North Dakota. At the University she attained national fame for the beauty and quality of her Fetes. Since coming to Maryville Miss Martindale has produced five successful shows that have improved in caliber each time. This year's production is no exception, its vivid costumes, rhythmic dances and careful acting all show the training that Miss Martindale has put the cast through. A glimpse of past press notices reveals the high quality rating placed by others on Miss Martindale's work.

"Dakota Student": "Dramatically successful, traditionally beautiful, and nationally renowned; such was the University May Fete."

"Since 1909 there have been May Fetes but with 1918, when Miss Nell Martindale came here, the productions have received national recognition. Her showings each year were beautiful dramas."

"Miss Martindale has left the University and with her has gone the school's greatest tradition, the May Fete. There must be someone who can take her place, someone who can produce the beautiful Fetes as she has done. It is for the University authorities to give the school that person. Wanted, another Nell Martindale."

Such was the tribute paid Miss Martindale by the student publication of the University of North Dakota. Another North Dakota paper makes the following comment that reveals the importance and popularity that the Martindale Fetes enjoyed on that campus: "The record attendance for a U. of N. Dak. football game does not reach the attendance mark set at the present May Fete."

That one statement should make the people of Maryville feel very fortunate in having Miss Martindale in charge of the production here.

## HELEN BUSBY IS ELECTED ANNUAL QUEEN OF MAY

CROWNING CEREMONIES WILL BE HELD BEFORE THE PRESENTATION OF "ALADDIN'S LAMP."

### CORONATION TONIGHT

Mrs. Annamoe Kitt Will Be Senior Queen Attendant

Wednesday, May 3, witnessed the annual election of the May Queen. According to custom, two candidates were nominated from the senior class and the entire student body participated in the election. Of the two candidates, Mrs. Annamoe Kitt and Helen Busby, Miss Busby was the choice of the student body. Miss Busby will be crowned at the May Fete which will be presented on the nights of May 12 and 13.

Those chosen from the various classes as attendants are: Mrs. Annamoe Kitt, senior; Margaret Dysart, junior; Erma Walker, sophomore; and Barbara Wilson, freshman.

The crowning of the May Queen by the President of the student body, Raymond Mitzel, as a part of the May Fete is an impressive and gala event. This year a departure from the usual tradition will add to the color of the occasion. The May Queen and her attendants will be attired in oriental costumes in keeping with the theme of the May Fete.

Miss Eileen Johnson of Shenandoah, Ia., was taken home Wednesday afternoon following a severe attack of septic sore throat. She is expected to return next week. She had been in St. Francis Hospital since Sunday.

## IN TRIBUTE TO

Our Mothers deserve at least one day each year that can be set aside in their honor. Maryville does that in honor of the mothers of students who attend the College. The May Fete is given as a part of the tribute to them. This day affords one occasion when the campus may join hands to complete one of the few projects that we have in common. Much of our work here divides our paths somewhat, but this day is one which affects each one of us.

We owe to our Mothers that station in life to which we have risen. It has been through her efforts that we are what we are, and no tribute that we can pay to her would be too fine.

To those whose Mothers are a memory, the tribute will be even greater and more deeply expressed. In private or in public those tributes will carry a message of faith in humanity by the children of the race.

To the Mothers of the World the Missourian pays its highest tribute.

## A TERRIBLE TAKE-OFF

Some weeks ago the Missourian ran an editorial on the peace posters that adorn various parts of the building. As far as we know the suggestions fell on rocky soil. Recently a new poster has been added to the already overly large collection. The new "billboard," in our mind, shows mighty poor taste on the part of the "artist" and equally poor taste on the part of the person who put it up. It is a picture of a large pile of armaments with an apple peddler standing on the top. The very poor taste comes in its title, "The Sermon on the Mount." If one must draw such posters there is no reason for going so far off circuit as to give it such a hideous name. That Christ should be compared to an apple peddler is most ridiculous. That Mount Siani should be portrayed as a stack of cannon is even worse. The Missourian voices its protest, however little good it will do.

## LET'S HAVE QUIET IN THE LIBRARY

There comes a time in every student's life when he is forced to forget that he has a chronic case of "Spring Fever" and hasn't had any sleep for two nights and to decide that if he is to come back to school the next quarter without explanations, etc., that are too often asked for by our parents he must at last do some studying. When one is deeply engaged in digging out an important phase of the Mexican War or trying to translate a little of Dryden, or Addison, or Steele so that he can at least give an intelligent answer when he is called upon to whistle or a "razzberry" traveling down the book chute in the west library has about the same effect upon one as suddenly staring up into the face of a wildly shrieking locomotive. Let's help each other keep their nerves and resist the temptation to whistle down the book chute and save our energy for "holler-in' down the rain barrel and slidin' down the cellar door" after the finals are over.

## OUR MUSEUM

Museums are truly educational and their use and upkeep should be encouraged by every institution. We have a museum in this college but it does not serve the purpose of such, in fact there are few students who know of its existence. The College should strive to create an interest in its museum and make it a worth while place.

Showcases are the place to show off something unusually interesting that has been made or the results of something done in current times. Advancement and the attainment of an ideal in progressive thinking. Relics of the World War, Civil War, and of Indian life are out of place in our showcases; their place is in a museum. The purpose of the Museum and the showcase should not be confused. Steps should be taken to correct this minor detail for the benefit of the entire College. The "New Deal" is on; let us do our part by adopting a rigid policy of Progression.

## To My Public

Dear Public:

What a May Fete, boy I've been dreaming about Arabian Nights ever since I saw the dress rehearsal. . . After seeing Gibbons and the snake dance together its kinda hard to tell just which is the snake. . . The mighty hunder, that bashful six foot four, Bud Green, after dodging the regulars for three quarters has at last been hooked. One doesn't see Nero (Bud) without the Knighton member of the team on his arm. (You may wonder about that Nero stuff, well; Nero always ate his meals lying down, too!) I hadn't worried much about Bud, and the danger of his being caught by a Short Courser had slipped my mind entirely. I wouldn't have told you all of this but Bud threatened your editor last Friday if anything was published and when they start that it is just a sign that they

want publicity. . . Which all goes to remind me that this column and the Stroller are not advertising columns and this will be the last free ad that the Margaret Maxwell and Humpy Russell team will get. Maxwell even wanted to exploit the column to the extent of running a picture of them in here. Public, I spare you that.

I should go on and tell you the many interesting things that I know but its Mothers Day and I feel that things more respectful should fill our columns for to-day. I will tell you just this one item that came to my attention. Loren Yeo and Vi Thorpe made a little miscalculation in distance a week ago when they set out for Louisville to see the Kentucky Derby. They got as far as a county fair just south of Kansas City and spent the week-end enjoying the "plowhorse" races. They never knew the difference until a kind old lady told them so.

Yours with my heartiest welcome to the Mothers, Humps.

## Education Department

By J. B. EDMONSON

Dean of the School of Education  
University of Michigan  
Facts Regarding the Status and Scope of the Association.

1. The Association was founded in 1895 as a result of a resolution adopted by the Michigan Schoolmasters' Club.
2. It is a voluntary organization without any legal status. It does not have paid officials.
3. The membership of the Association includes public and private colleges and secondary schools in the twenty North Central States.
4. The work of the Association is supported by small membership fees paid by the colleges and high schools holding memberships.
5. There are 2475 high schools and 294 higher institutions on the approved lists of the Association. There are 1,153,185 pupils enrolled in the approved high schools (1932).
6. Teachers, school board members, and patrons should know:  
(a) that the Association is one of the most powerful agencies for the improvement of schools and that recognition by the Association is equivalent to a high rating in business by Dun & Bradstreet.  
(b) that the standards for secondary schools have been made with the advice of secondary school administrators and that important proposals have been submitted to a referendum vote of the principals.  
(c) that the Association this past year (1932) adopted a policy of lightening its requirements on those schools that made an honest effort to meet high standards in spite of financial handicaps.  
(d) that the North Central Association Quarterly is its official publication and is sent free to all member schools.  
(e) that the Association can and does command the services of men in influential educational positions in the North Central territory. (More than two hundred college and high school officials are on its present committees and commissions.)

**Immediate Undertakings of Association.**  
1. The Association is concerned with improving articulation between the colleges and the high schools.  
2. It is seeking to revise its standards for colleges in such a way as to place emphasis on standards relating to quality of instruction.  
3. It is encouraging experimentation in organization, curriculum, and teaching procedures in secondary schools and colleges.  
4. It is seeking to stimulate the revision of the curriculum of the secondary school in such a way as to meet modern demands and has recently issued a 400-page book entitled *High School Curriculum Reorganization*, which contains significant reports of its committees.  
5. It is stimulating interest in the preparation of new instructional materials for pupils of low ability.  
6. It is supervising various educational experiments, such as are now going forward in Iowa State Teachers College, Cornell College, Stephens College, Joliet Junior College, and other centers.  
7. It is dealing with the problem of athletics in colleges and in secondary schools. It is the attitude of the Association that athletics should become a well-integrated part of the program of instruction.  
8. It is considering plans for a thoroughgoing revision of its present standards for secondary schools.  
9. It is concerned with follow-up work that makes effectual use of the National Survey of Secondary Schools.  
10. An effort is being made to acquaint the Association's constituency with the fact that the relationship of the Association to its members is defined in the constitution as follows: "all decisions of the Association bearing on the policy and management of secondary schools and institutions of higher education are understood to be advisory in their character."

**Ways in Which the Association Has Aided the Secondary School.**  
1. The Association has carried on investigations that have influenced organization and procedure of secondary schools.  
2. It has afforded an opportunity for the secondary school principals to give expression to their views on problems involving the relationships between colleges and secondary schools.  
3. It has made possible an effective leadership of principals in matters pertaining to secondary education.  
4. It has secured for the schools on its lists a recognition throughout the United States such as could not be secured by any state agency.

### DICTIONARY FALLACY.

A student was standing out on the front walk  
Pondering deeply and long  
His eyes were afixed high over the door  
Like something was drastically wrong.

He shifted his books to the other poor arm  
(A stidious person was he.)  
And entered the building in obvious haste  
His confusion was plain to see.

Down to the library he went in a rush  
Thence to the dictionary.  
He stood there for hours over the "M's,"  
(They almost charged him a fee.)

Finally a student approached the poor boy  
Who had searched till his eyes were crossed.  
"Is there anything I can possibly do?  
I'll try it at any cost."

"There's a very peculiar word," he said  
That I never saw before,  
Ad the funny arrangement of letters  
It has

Would surely make make Webster sore."

"Now what do you make of this odd looking word?"  
He showed what he had written there.  
The "helpmate" swooned — the other just stared  
At the word exceedingly rare.

For what was there wasn't a word at all  
One never could learn to spell it!  
It was one of those numerals the Romans used

### Correction

The show "Destination Unknown" listed in the Better Shows column on page four under the Missouri theater heading is a mistake. The picture will run at the Tivoli instead.

The picture for Sunday, Monday and Tuesday, May 21, 22 and 23 at the Missouri will be Devil's Brother. This is a Laurel and Hardy production and should be most interesting.

## MITZEL PITCHES 3 HIT GAME AS BEARCATS WIN 10-1

TWO HOMERS FEATURE GAME  
PLAYED IN SLIGHT  
MIST.

### SIX RUNS IN THE 7TH

A Double Play in Fifth Inning, Milner  
to Bird, to Milner.

After more than a week's silence the Bearcat bats resounded yesterday on the College diamond against the offerings of Rome, Conception College hurler, bringing in 10 runs for the local Teachers to a lone score for the visitors from southeast Nodaway.

The game was played under adverse conditions, a heavy mist falling as the mercury hovered around 45 degrees. Raymond Mitzel, who started out rather wildly on the mound for the Teachers, settled down after the third inning and allowed only three hits. The one Conception score came in the third inning as the result of errors. Waetcher, Conception first baseman, walked, stole second, and on two passed balls scored.

Attack Opens in Fourth.  
Not until the fourth frame did the Bearcat bats start their attack. Cowden hit a clean double and trotted in home ahead of Mann who knocked out a home run in the left field. Seyster had clear passage around the bases as he hit a stinger out by the third baseman. The ball was poorly retrieved from the field and Seyster circled the bases.

The Bearcats pulled a double play in the fifth. O'Rourke singled, Sturm fanned and Brown grounded to Milner at third, who threw out Brown at first and Bird caught O'Rourke at third.

In the Bearcat's fifth inning at bat Milner hit a fly over shortstop that went for a two-bagger as the infielders and basemen swarmed together. Hodgkinson bingled to the chicken house in left field to score Milner, for the only score of the inning.

Six More Runs.  
Six more runs were accounted for in the seventh and eighth innings. Milner, up first again in the seventh, was hit by a pitched ball. Hodgkinson was safe on an error by Rome. Cowden bunted down the first base line and was caught at first and Milner held at third.

Mann hit to shortstop who bobbled the grounder, Milner scoring, Hodgkinson going to third and Mann made second. Elmo Wright, who went in for Parker in the sixth, bunted, was safe as the catcher throwing to first, hit him on the shoulder, Hodgkinson and Mann scoring. Wright stole second. O'Connor fanned and Wright went to third as he was again hit by the ball as the pitcher tried to nip him at second. Seyster fled out to first.

In the eighth Conception threatened a rally with two hits but failed to score. Brown got a single but was forced at second by Rome. Tobin hit over third. Glenn fled to center field and Schmidt popped out.

In the Bearcat's eighth time at bat Bird singled, scoring on Mitzel's two-bagger. Groom in for Milner was hit by a pitched ball. Lisle for Hodgkinson fled out and Benson walked. Wright doubled to score Groom and O'Connor.

## TRACK SQUAD TO STATE MEET AT SPRINGFIELD

## TENNIS TEAM TO ACCOMPANY TRACK TEAM ON TRIP.

Coach Davis Will Leave Wednesday.

Maryville's track squad will leave next Wednesday on a trip to Springfield, Missouri, to engage in the M. I. A. A. meet held each spring.

Coach Davis is undecided at this time who will make the trip. It is almost a certainty that Stubbs, Tracy, Grey and Muttli will go along with the tennis team which is composed of Campbell and Hantze.

Because of the poor showing made by the Bearcats last Thursday it is doubtful that they will place very high in the final standing, being defeated by Warrensburg earlier in the year.

The meet will be held Thursday and the representatives from Maryville will probably return immediately after the affair.

"No hit" Bird has at last broken the ice. Two hits in the Conception game last week put little Hal in the "running."

## BEARCATS WIN ONE AND LOSE ONE BY SAME SCORES, SAT.

COWDEN GOES THE ROUTE IN  
THE MORNING GAME TO  
WIN 2 TO 1.

### SECOND GAME 10 INNINGS

Woods Pitched Nice Game But Lost  
in the Tenth.

The Maryville Teachers defeated the Washington University Bears of St. Louis 2 to 1 in the first game of a double-header here today. Although the Bears outlived the Bearcats 8 to 5, the visitors' only score came in the eighth inning. Blumberg got a clean single, advanced to second on a steal and scored as Bennett poked a bad bouncer through shortstop.

The Bearcats scored early. Milner, lead-off man, was safe at first in the first inning on an error, was sacrificed to second by Hodgkinson and as Mann was safe at first on an error by shortstop, Milner scored.

O'Connor scored for Maryville in the second. He singled, was advanced as Bird was thrown out at first and scored on Seyster's hit.

Bernard Cowden pitched a steady game for the Bearcats and was given good support. The Bearcats made only one error to three made by Washington. Joe O'Connor received Cowden.

Graber and Walks were the St. Louis battery.

## KIRKSVILLE WON DUEL MEET HERE LAST FRIDAY P. M.

RHODES WON FROM STUBBS IN  
THE 100 AND 220 YARD  
DASHES.

### LOSE HALF MILE RELAY

Hodgkinson First in the Broad  
Jump.

Taking all but two first and tying for one, the Kirksville track squad swamped Coach Davis' proteges in a dual meet on the College Field last Thursday by a score of 89 and 5-6 to 46 and 1-6.

Stubbs, star Bearcat dash man was beaten decisively in both the century and the furlong. Rhodes a much improved sprinter over last year stepped off the 100 yard dash in 9.9 in the 220 yard dash he set the amazing time of 21 flat. It is believed that this time is as good or better than the state college record.

Maryville took two firsts and tied for another. Grey led the Bulldog opponents to the tape in the 880 yard run, Hodgkinson outleaped the others in the broad jump going 21 feet 2 1/2 inches. Tracy of Maryville high jumped 5 feet 8 1/2 inches to tie for a first.

The Bearcats placed mostly in the second division of the entire last of events. Baxter, Bulldog performer was

## Work of Gospel Team of College Here Is Most Extensive of Southwest Field

The work of the gospel team of the State Teachers College here is the most extensive of any in the Southwest Field of the Y. M. C. A., which includes Missouri, Oklahoma, Texas, Arkansas, and Nebraska. This word comes from the Southwest headquarters at Dallas, Tex., upon receipt of the annual report of the activities here.

The gospel team this month closed three years of extensive tours. During this time the team has conducted seventy-three full-time church services in forty-three towns in eighteen Missouri and Iowa counties. Detailed records kept of every trip show that approximately 16,300 people have attended the services and that the tours have totaled approximately 5,800 miles. The number of students who have taken part in the trips from time to time total 110. The purpose of the trips is to encourage students to takt part in public worship.

Towns which have used the team more than once are the following:

Cameron, twice; King City, four times; Hopkins, twice; Maryville, six times; Princeton, three times; Maysville, four times; Gallatin, four times; Smithville, twice; Breckenridge, twice; Weston, twice; Savannah, twice; Kansas City, twice; Kearney, twice; Bedford, Ia., three times; Turney, twice.

Following are the towns which have used the team once:

Clarinda, Mound City, Rock Port,

the outstanding contestant taking first in the shot and discus, third in the 100 yard dash and closing a wide gap in the half-mile relay.

## FACULTY WINS FROM THE PROFESSIONAL MEN

Remaining Schedule Announced by  
Herbert Dieterich.

Getting off to an early lead the faculty baseball team swamped the professional men last week by a score of twenty-three to nine. Playing well behind good pitching the teacher boys stepped off the seven innings in fine shape. Those who played for the faculty were: Seever, Iba, Davis, LaMar, Rickenbrode, Hull, and Dieterich.

The remaining schedule:  
May 15—Farm Bureau.  
May 22—Maryville Shoe Co.  
June 1—Light Company.  
June 7—Forum.  
June 13—Montgomery Clothing.  
June 20—Battery C.

Mrs. Leona G. Brueck, formerly Miss Leona Grace Badger, who has attended school at the College, is now living at 2025 West 7th Street, Los Angeles, Calif. Mrs. Brueck has her M. A. degree, but is doing school work now. She formerly taught in Northwest Missouri and was for several years superintendent of schools at Elmo.

Stanberry, Cainsville, Bethany, Plattsburg, Hamilton, Platte City, Excelsior Springs, Oregon, Smith Forks, Osborn, Flag Springs, Braymer, Forest City, Maitland, Lock Springs, Edgerton, Lenox, Graham, Red Oak, Ia., Henderson, Ia., Pattonsburg, New Market, Ia., Elmo, Edinburg and Rosendale.

Missouri counties served by the team are Clinton, Gentry, Nodaway, Holt, Mercer, DeKalb, Atchison, Harrison, Davless, Caldwell, Clay, Platte, Andrew, Jackson and Grundy. Iowa counties served are Page, Taylor, Montgomery and Mills.

The team conducted services on such themes as "The Abundant Life," "What the Schools Are Helping America to Achieve," "The Test of A Christian Life," "I'm Third—God First and Others Second," "The Power of Prayer," "Church Allegiance," "What Claims Does Christ Have On Us?" "Christianity and the Youth Movement," "What College Means to An Individual," "Meeting Present Day Problems," and "Our Un-Christian Economic System and Its Improvement."

Ernest G. Reid was chairman of the gospel team committee the first year, Albert Hagan the second year and Clyde Sparks the third year. Richard Mickey is chairman for the next year. George Walter Allen, president, has presided at each of the services in the three-year period.

## The Stroller

One of the more interesting pieces of advice that has been passed out this season was overheard by the Stroller last week at the Bearcat Inn. The very friendly Mr. Buford Jones was attempting to make conversation with a young lady of the campus. After several attempts Jones made a very pertinent remark to which the young lady replied: "I thing you'd be better off if

## The Better Shows

## Missouri

Sunday, Monday and Tuesday, May 15, 16, and 17. "Rasputin and the Empress," starring the three Barrymores, John, Lionel and Ethel.

Based on happenings within the memory of the present generation, the picture's episodes present a replica of the most colorful royal court in the world, thus including the spectacle of a "period" picture while still remaining strictly a modern story.

Ethel Barrymore plays the Empress, John is cast as Prince Chgodieff, and Lionel essays the role of the "Holy Devil" in the sensational picturization of the downfall of the Empire and the rise of the Bolshevik regime. In every case, perfect makeup makes the characters exact replicas of the originals.

Wednesday and Thursday, May 18 and 19: "Luxury Liner." A thrilling up to date story of life on a floating hotel. Lead by George Brene and Alice White, this picture promises good clean entertainment.

On Thursday night only Russ and Bill from station KMA of Shenandoah, Ia., will present a stage show. Russ and Bill are the nationally known Ray-O-Vac twins. Also District School No. 9 Revue with plenty of laughs and thrills.

Friday and Saturday, May 19 and 20: Charles Ruggles, Neil Hamilton and Shirley Grey.

The story of a doomed passenger list and crew of an ocean yacht. Murder in cold blood is the theme of the show. A real thriller.

Wednesday and Thursday, May 24 and 25, "Destination Unknown."

Imagine a derelict rum runner, adrift at sea after a terrible storm; its masts broken off at the deck and its scanty supply of fresh water guarded at pistol's point by the ruthless owner of the cargo.

The cast of this remarkable drama includes Pat O'Brien, Ralph Bellamy, Betty Compson, Tom Brown, Russell Hopton, Alan Hale, Rollo Lloyd and many other popular screen players, and the picture was directed by Tay Garnett.

## Tivoli.

Sunday, Monday and Tuesday, May 14, 15, 16, "King Kong." A startling feature show that takes you back to prehistoric days as did the "Lost World." It brings part of that world into modern times in the shape of a monster ape, fifty feet tall. The Ape breaks loose in New York City and furnishes one of the year's most thrilling spectacles of the year. The cast is an excellent one and includes, Ann Darrow, Fay Wray; Denham, Robert Armstrong; Driscoll, Bruce Cabot; Englehorn, Frank Reicher; Weston, Sam Hardy; Native Chief, Noble Johnson; Second Mate, James Flavin; Witch King, Steve Clemento; Lumpy, Victor Wong.

Wednesday and Thursday, May 17 and 18: "The Crowd Roars." This is a racy, fast running production that is full of thrills, accidents and love. Starring James Cagney and Joan Blondell this bit of film offers a very attractive team of stars as its leads. With a supporting cast that includes, Ann Dvorak, Eric Linden and Guy Kibbee the story winds itself around the life at the Indianapolis Speedway. A most entertaining picture.

There will be a minstrel show on the stage lasting 25 minutes. Some of the towns best comedians will be in the cast.

Friday and Saturday, May 19 and 20 "Circus Queen Murder"

All the sights familiar to a circus-going public—clowns, animals, jugglers, arpeze artists—are seen in "The Circus Queen Murder."

Adolphe Menjou, in the role of Thatcher Colt, is called upon to solve the murder of the show's star performer, played by Greta Nissen. and he uncovers the perpetrator with his usual skill.

This show is being sponsored by the Newman Club.

Sunday, Monday and Tuesday

May 21, 22 and 23

If you have ever stood in the center of a barred arena, completely surrounded by 43 snarling, roaring lions and tigers, you can form some idea of the thrills which await you in "The Big Cage."

Since only one man in entire history of zoology has ever performed such a feat, the only method of appreciating this remarkable performance lies in seeing this hair-raising motion picture. Clyde Beatty, the greatest of wild animal trainers, plays the featured role in "The Big Cage," and duplicates the circus "act" which has made him the premier attraction of the "big tops."

Mrs. E. W. Blackmore of St. Louis came to Maryville last week-end for a visit and to attend the May Fete. Mrs. Blackmore is a sister of Grace and Ralph Westfall.

## Campus Society

Sigma Sigma Sigma sorority girls will entertain their mothers with a pot-luck supper, Monday evening, May 15, at the home of Ruth Miller 222 South Main street. Following the supper they will attend the May Fete.

The out of town mothers who expect to be here for Mother's Day are, Mrs. Fred Cooper, Denver, Colo.; Mrs. Arthur Cass, Shenandoah, Ia.; Mrs. W. H. Crawford, Mound City; Mrs. C. B. Roseberry, St. Joseph; Mrs. Melvin Morford, Maitland; Mrs. H. A. Perry, Maysville, Mrs. W. L. Gates, Grant City; the mothers from Maryville, Mrs. D. E. Bellows, Mrs. E. E. Lloyd, Mrs. R. B. ## Dorothy McClung Former Student Here is Wounded

(Continued from Page 1)

tracks in the rain softened roads about the McClung country home.

Miss McClung, who is 21 years old, was a student in music at the Northwest Missouri State Teachers College Maryville, last year.

She was left at home alone yesterday afternoon while her parents attended a meeting of Pattonsburg landowners interested in establishing a drainage canal in the district.

The farm home in which the shooting took place is an estate which has been in the family for four generations, relatives said.

Dr. Frances Henry of Kansas City, an aunt of the wounded girl, said Miss McClung became unconscious when she was wounded. Recovering, the physician said, the girl tied her stockings around the wounded leg to stop the bleeding, then tore her brassiere and made a temporary dressing. Finally, Dr. Henry said, the girl reached the telephone and asked for help.

Miss McClung, who was of junior class rank at the College, dropped out at the end of the fall quarter, 1932. She was a member of the chorus and the Y. W. C. A.
